

Funding Cycle

More than

\$800,000

goes into the community through grants

CAMPAIGN

- ▶ If every person in our service area gave just \$20, we could fund every grant we receive! Pledge or make a one-time gift to help our campaign.

APPLICATION

- ▶ Any agency seeking funding must complete a thorough application that includes a full budget, client stories, program outcomes, and statistics.

PANELS

- ▶ Volunteer Community Impact Panels are made up of dedicated community members. These volunteers review each application compassionately and thoroughly.

SITE VISITS

- ▶ Each Panel visits with up to five agencies. They meet volunteers and clients while learning what it really takes for each agency to operate.

ALLOCATIONS

- ▶ Allocations are completely volunteer-driven. Community Impact Panels decide how to distribute each year's campaign funds to have the greatest impact in the communities we serve.
